**WATER WITHDRAWAL PERMIT CONDITIONS**

**PURPOSE:** To provide for the optimal usage of impounded water at Germantown Lake by allowing withdrawal of water during times of drought, for agricultural uses within Fauquier County.

1. All withdrawals shall be in accordance with state regulations and departmental policies.
2. That water obtained be allowed only for agricultural production use in Fauquier County and only in cases of proven need.
3. That water obtained from the lake may not be sold. A reasonable pumping and hauling charge by a firm may be charged for water obtained from the lake.
4. That a permit be obtained from the department prior to any water being taken from the lake, in order to minimize access/use conflicts and potential damage at the lake, and assure compliance with all conditions. Permit to be at no cost.
5. That water can only be taken from points designated by the department and only during hours designated by the department.
6. That the policy be instituted only after rainfall for the previous 12 months be less than 50% of the average rainfall for that same period of time and that as soon as the rainfall for the previous 12 months exceeds the 50% benchmark, the policy is rendered inactive.
7. The Department reserves the right to limit the amount of any withdrawal.
8. Permit shall be approved by the Director prior to any withdrawal, and preferably with at least 48 hours notice, to verify compliance with state and local regulations.
